

# BIO RAISED BED COMPOST

## Field of application:

The Universal Raised Bed Compost is a peat-free specialized product based on green waste compost for demanding gardening in the raised bed.

## Characteristics (at the moment of production):

pH-value (CaCl <sub>2</sub> )	7,0
salinity (H <sub>2</sub> O) g/l	2,0
nitrogen N (CaCl <sub>2</sub> ) mg/l	50
phosphate P <sub>2</sub> O <sub>5</sub> (CAL) mg/l	1.000
potassium (K <sub>2</sub> O) mg/l	2.500

Recipe: 114929

- Peat free
- Organic
- Peat reduced

## Intendend Purpose / Application:

Second layer on top of the basic filling. Provides the plants with additional nutrients while the raised bed is warmed due to the natural decomposition.

## Compost

The product should be stored in a dry and cool place and protected against direct sunlight. Our advice would be to use up the product as soon as possible. When stored for a longer period of time, the product should be analyzed before it is used. The raw materials and additives that are used for the product conform to the regulation (EG) No. 834/2007 regarding the ecological/organic production with its regulation (EG) No. 889/2008 for the implementation. If questions occur, please get in touch with your contact person or the technical department of horticulture at Floragard (Tel. +49 441 2092-0).
